

DESPERATE HOUSECAT BEANIE A899038

BEANIE is perfectly named! He was brought to AAC with a number of other cats after their outdoor living situation became unsafe. He didn't receive much or any socialization previously, so **BEANIE** qualifies as a CACTUS CAT - <http://austintexas.gov/page/cactus-cats>. Through clicker training, volunteers and staff are helping him become more used to humans. **BEANIE** will need time and a patient adopter to acclimate to a new home, one that includes at least one cat buddy (he's comforted by being around other cats).
