

DESPERATE HOUSECAT BEAR A901146

BEAR (aka Snaggletooth) was brought to AAC after spending most of his life on the streets. He wasn't too fond of the shelter, but now that he's living in a foster home, **BEAR** has concluded that being indoors is great! He's a huge fan of catnip, loves to be brushed, and enjoys being petted (careful, he will give hard luv nips). **BEAR** is a big boy (almost 15 lbs), so some other cats (especially males) are nervous around him. He will be happiest in a home as the only pet, although he may do well with a small female.
