

DESPERATE HOUSECAT

China #A611275

China – Dainty and Delicate, this petite beauty has everything going for her, except a forever home! After living with her owner her entire life (11 years), she was brought to TLAC because her owner was moving. Terrified at the shelter, she stopped eating, and went to live in a foster home. In a quiet environment, she soon relaxed and started eating.

China gets along with other cats, but doesn't care for dogs. Her favorite activities are sitting in the window (in her foster home that is her permanent spot), and on her human's lap.

- ◆ 11 years old, Lynx point, Siamese mix, spayed
- ◆ Gorgeous; beautiful blue eyes
- ◆ Very affectionate – loves to be pet and brushed; grooms herself meticulously
- ◆ LAP CAT extraordinaire
- ◆ Fine with other cats; afraid of dogs
