

# DESPERATE HOUSECAT HOLLYWOOD A898413

**HOLLYWOOD** arrived at AAC with another cat from a living situation that was no longer safe for them. She had little or no opportunity for socialization, and is very shy with people. This qualifies her as a CACTUS CAT - <http://austintexas.gov/page/cactus-cats>.

**HOLLYWOOD** likes Churu, and will eat it off a tongue depressor. Through clicker training, she is learning that humans really are ok to have around. 😊 **HOLLYWOOD** is very comfortable with other cats, and her roommates are helping her feel more confident. She should be adopted into a home where she has at least one cat friend who will help her relax and feel more at ease in a new household.
