

DESPERATE HOUSECAT LEMON BAR 31582

Incredibly handsome **LEMON BAR** and his pals were brought to AAS after their community situation became unsafe. He was **friendly with his caregivers**, but is still learning to trust humans in the shelter environment. We have placed him in our **CACTUS CATS Program** - <http://austintexas.gov/page/cactus-cats>, where he is learning **confidence boosting skills**. We think that given time and patience, **LEMON BAR** will adjust well to a home environment. He would make a **great BFF** for a resident cat, and could learn social skills by watching a more confident cat engaging with their humans. **LEMON BAR** will likely make a loving companion once he has acclimated.
