

# DESPERATE HOUSECAT TEA 13381

**TEA** is scared and nervous, and will hiss sometimes. He really likes Churu, so if you offer him some, he'll calm down and let you pet him. Because he's shy, **TEA** qualifies as a CACTUS CAT - <http://austintexas.gov/page/cactus-cats>. He's really good at the nose-boop, and is very playful (his faves are wand toys). **TEA** needs a quiet environment with a patient adopter, and he would benefit from having a cat buddy to hang out with. He was brought in with **YERBA**, and although they don't need to be adopted together, they play with each other and enjoy each other's company. **TEA** is usually seen snuggling in the hammock with roommate **LENNY**.
