

DESPERATE HOUSECAT THOMPSON A896434

Remember how miserable the weather was on MLK Day? Most of us stayed indoors. But one Good Sam braved the cold and rescued **THOMPSON**! This sweet boy was found at a school (he's named after it), and had a number of injuries, including a severely **damaged left eye**. **THOMPSON** moved into a foster home for supportive care and observation. After months of treatment, his DVMs determined that the **eye was greatly improved, continuing to heal, had some vision, and didn't need to be removed**. **THOMPSON** is somewhat shy, but once he knows you, he loves being petted, and has been known to show his belly for a good rub. He's playful and is wonderful with other cats. **THOMPSON** would really like to have a cat buddy in his new home.
